Following discussions with Council the following plans have been reviewed and are submitted for adoption by Council:

- Long Term Financial Plan & Strategy
- Roads and Bridges Asset Management plan
- Buildings Asset Management Plan

RECOMMENDATION:

Moved: Clr Seconded: Clr

THAT Council adopt the following updated and reviewed Plans:

- Long Term Financial Plan & Strategy
- Roads and Bridges Asset Management plan
- Buildings Asset Management Plan

15.0 DEVELOPMENT & ENVIRONMENTAL SERVICES

In accordance with Regulation 25(1) of the Local Government (Meeting Procedures) Regulations 2015, the Mayor advises that the Council intends to act as a Planning Authority under the Land Use Planning and Approvals Act 1993, to deal with the following items:

Moved: Clr Seconded: Clr

THAT the Development & Environmental Services Report be received.

15.1 PROPOSED INDEPENDENT LIVING UNITS - ELLENDALE

At the August Ordinary Meeting a motion was passed for the Manager DES to engage the services of a land surveyor and obtain a valuation of the land.

Peacock, Darcey & Anderson Land Surveyors have prepared the proposed subdivision plan for consideration (see attachments).

If all parties are content with the proposed plan a purchase price will need to be negotiated and agreed upon prior to an Application for Subdivision being submitted. Council will also need to allocate further funds to cover the cost of the subdivision application, sealing of final plans and lodgement with the Titles Office.

RECOMMENDATION:

Moved: Clr Seconded: Clr

THAT Council representatives meet with the landowner to review the proposed subdivision plan and negotiate a purchase price for further consideration by Council.

15.2 HAMILTON SHOWGROUNDS – REPORT ON PROGRESS WITH LAND TRANSFER

At the September Ordinary Meeting it was resolved that the Manager DES prepare a report for the next Council meeting on progress with negotiations between the landowner and Council in relation to land transfers.

Actions are pending.

15.3 POLICY NO. 2015-32 FIRE ABATEMENT POLICY

The previous Fire Abatement Policy was approved by Council in January 2019.

The purpose of this Policy is to state the Council's position in regard to dealing with fire abatement issues as they relate to nuisance provisions within the Local Government Act.

The Policy has been reviewed and no changes are being proposed.

RECOMMENDATION:

Moved: Clr Seconded: Clr

THAT Council adopt Policy No. 2015-32 Fire Abatement Policy.

15.4 ROAD NAMING - WILBURVILLE

At the September Ordinary Meeting Council passed a motion to submit the road name "Tea Tree Bay Road" through Placenames Tasmania for the new road approved as part of a 27 lot subdivision at Wilburville.

Placenames Tasmania have advised that Council's proposal has been confirmed and the place name is now official.

15.5 PROPOSED COMMUNITY ARTS PROJECT – BOTHWELL NOVERBER 2021-"LOOOKING OUT FOR EACH OTHER" – TAKE 2

Council has received an email from Grietje van Randen regarding the proposed Community Arts Project - Bothwell Nov 2021 - "Looking Out For Each Other" - take 2, the email states the following:

"The Bothwell SpinIN is proposing to run another mental health focussed community arts project and would like to again ask for support from the Council.

Project background

In March 2019 the Bothwell SpinIN hosted artist Grietje van Randen to run her "Looking Out For Each Other' community arts project as part of the SpinIN 2019 in Bothwell. The project was sponsored and run in conjunction with the Bothwell District School, Rural Alive and Well, the Central Highlands Council as well as private sponsors. The project created a double life size "Beyond Blue Farmer", which now stands, hand above eyes, on the side of the road as you enter Bothwell. The farmer reminds passers by that we look out for each other.

As knitting and weaving a new set of clothes is a major project to organise where it is not part of a community event, the decision was made to remove the existing farmer and to run a new project.

The Looking Out For Each Other project has been run 4 times around Tasmania. As part of the project on Bruny Island, Jamie Edward created an interpretation sign in cartoon format, telling the story of the creation of the Bruny "Beyond Blue Farmer" (see attached). As Jamie has run a number of cartooning workshops in schools and has painted murals with various communities, Grietje and he have agreed to collaborate on this project in Bothwell.

Project description

To create +/- 27 cartoon signs, each depicting a community member, e.g. a farmer, a child, a shopkeeper etc.. Each community member is depicted with a hand above their eyes, symbolising how we all look out for each other in a community.

As part of a mental health program run at the school, the cartoons will be designed and painted by students from the Bothwell District School.

Students to work in groups of 3, each group to be made up of students of differing ages.

Upon completion students to present their signs, talking about the experience and what they learned.

Public viewing of the signs, followed by a public "auction" of the signs.

Signs to be erected around Bothwell and Bothwell district by the older students and/or community members/ hosts of the signs.

The project is proposed to run early to mid November 2021 and for the school would be a follow up on the Rural Youth Mental Health Day on the 19th of October 2021.

Project outcomes

A creative way of reinforcing the mental health program in the Bothwell District School.

Strengthening connections between students of differing ages within the school.

Confidence building exercise for students, with tasks designed to minimise opportunity for self-criticism.

Engaging the community with the school.

+/- 27 signs, 1.2m x 0.6m each, serving as reminders around the district, that there are others who look out for us and for us to look out for others.

Throughout the project various media opportunities to discuss mental health.

All of the above will assist with building community resilience.

Project outcomes Request to Council

The SpinIN board would like to ask Council for the following:

- Advice if there are any regulatory matters that need to be addressed in relation to installing the signs/cartoons around the district. There may be up to 27, each would be about 1.2m x 0.6m and it is envisaged that they be installed on people's sheds, fences, shop walls etc. The signs will be painted using all weather house paint on marine ply boards. The cartoons will have a white background, with black and mid blue cartoons. As such, they should be quite weather resistant and able to look good for quite a few years.
- Would the Council be happy to support/promote an event where the signs would be auctioned?
- Would Council be happy to assist with the removal of the existing (Beyond) Blue Farmer at a time to be agreed
- Would the council be happy to host a sign?

Mrs Grietje van Randen advised the General Manager of the following typo in the email above:

"The size of the proposed signs is proposed to be a mix of 2 sizes:

80cm x 1.2m and 1.2m x 1.2m, could I please ask that my request be amended accordingly?"

Council's Planning Officer, Mrs Jacqueline Tyson states the following:

"The need for a DA would be site specific for these signs. In some places they may be exempt but if they involved a heritage property for example then they would likely need a discretionary DA."

16.1 FENTONBURY WAR MEMORIAL

The following request has been received from Mr Stefan Frazik, Westerway Bush Watch Co-ordinator.

"First of all, thank you for the work the Council has done at the Fentonbury War Memorial. It's the best it has ever looked!

At our last Bush Watch meeting a flagpole and flag was discussed. I have been asking the public for their response of the flag pole idea, everyone said yes to the idea, but maybe:

- 1. Aboriginal Flag for the First Owners of the Land.
- 2. Tasmania Flag for being Tasmanians.
- 3. Australian Flag for being in the Australian Defence Force.
- 4. Someone mentioned they fought and died under the British Flag, but I pointed out the Union Jack is in the corner of the Australian Flag.

Bush Watch is hoping that the Central Highlands Council would be able to help us with our request, with one or two Flag Poles and Flags, Aboriginal and Australian please."

FOR DISCUSSION

16.2 655 KOMATSU GRADER REPAIR

As Council are aware tenders were submitted to Council for the replacement of the Hamilton 655 Komatsu Grader this financial year. An order has been placed with the successful tenderer.

The 655 Komatsu grader that will be replaced recently had a transmission problem occur, losing power in sixth and eighth gear. Komatsu were asked to investigate the fault. Komatsu found that when they removed the transmission and split the case, that the output shaft was broken, and it had picked up a bearing and ruined the case.

A secondhand transmission has been located by Komatsu in Queensland. Note this is the only secondhand transmission that could be located by Komatsu in Australia. Council staff were also unsuccessful in locating a secondhand transmission.

A quote has been received from Komatsu (please see attached) for the purchase of a secondhand transmission, labor to install the transmission and includes the labor in time spent to date. The quote is for \$22,654.00 ex GST. Komatsu have also advised that the secondhand transmission has not been pulled down and inspected so this quote includes labor allowance for inspection. It does not however include the cost of any subsequent parts that may be required upon inspection. Note that the secondhand transmission has come from a working grader and in that case should be fine.

I don't believe that the grader will be worth too much to Council in its current condition. It is difficult to even suggest a price. I think that Council should repair the grader and sell it at auction with a reserve price to hopefully gain the cost of the repair.

RECOMMENDATION:

Moved: Clr Seconded: Clr

THAT Council allocates \$30,000 to have Komatsu repair the grader and then sell by auction with a reserve price.

There was a 2021 election commitment of \$30,000 granted to the Bothwell Football Club for an electronic scoreboard.

Considering that the Bothwell Recreation Ground is a council owned asset the Tasmanian Government believe it may be better for Council to enter the grant deed and receive the funds to purchase the scoreboard.

An ordinary Bothwell Football Club meeting was held on the 30/09/2021 and a motion was moved from the club for Council to accept the grant.

The Works Manager has received three quotes for the purchase and installation of an electronic scoreboard.

Prices are as follows

Electronic Signage Australia (video scoreboard) \$43,895.00

AusSport (Video Scoreboard) \$66,928.00

The electronic scoreboard from Electronic Signage Australia is supported by both the Bothwell Football Club

• The board is 3m X 2m and inside a steel frame that is 4m X 2m. The scoreboard is 2m above the ground.

\$42,255.00

- Installation comes with engineering certification for footings and steel structure.
- Laptop and sender box for scoreboard control and wireless connectivity up to 1km
- Training provided

AusSport (No Video capability)

and Bothwell Cricket Club.

- Full video scoreboard, can display club logos and sponsor logs
- Traditional football and cricket scoreboard capability
- Player and team profiles and statistics
- Celebration graphics
- Training and education

The video scoreboard means it can also be used to show movies, do live streaming and show television, providing communities with the opportunity to use the scoreboard other than just on match days.

RECOMMENDATION:

Moved: Clr Seconded: Clr

THAT Council:

- 1. accepts the grant deed from the election commitment
- 2. Allocate an extra \$13,895.00 for the purchase of the electronic scoreboard from Electronic Signage Australia.

17.7 DISABILITY SPORTS AUSTRALIA, NATIONAL REFERRAL HUB PARTNERSHIP

Mr Murray Elbourn the CEO for Disability Sports Australia has written to the Mayor about the launch of their newest initiative, the National Referral Hub which allows all Australian Councils to partner with Disability Sports Australia to achieve the following goals within LGA communities relating to social inclusion, physical and mental wellbeing for all Australians with a physical, sensory and intellectual disability.

Attached is a flyer around National Referral Hub which is supported by Sport Australia, National healthcare bodies and NDIS agencies.

Overview of LGA partnership benefits (\$495 per year):

- Disability Sports Australia to consult with community and recreation LGA team for Council's Disability Inclusion Action Plan (DIAP) – This includes multiple webinars, learning sessions with LGA staff from Paralympic legends including Louise Sauvage OAM. Ryley Batt and others.
- Access to Activate Inclusion Sports Days for LGA schools and students with disabilities, this is the largest National inclusion school program in Australia.
- Full preferred provider status listing on the National Referral Hub with full logo, disability specific activity offerings in your LGA, web and social links.
- Local Community Sporting Clubs receive a 50% discount to the Sport Australia endorsed Disability Sports Australia Adaption and Inclusion Community Sports Club certification course.
- Greater community consultation across disability with Health, Education, Community, Sport and NDIS
 Disability specific agencies to the LGA.
- 2 Free conference tickets to the 2022 Disability Sports Australia national convention.

Mr Elbourn states "there is currently a gap in the collaboration loop for councils, related to people with disabilities being active members of communities. Leverage the Disability Sports Australia staff's expertise in closing this gap and providing equality of opportunity for residents coming out of Covid-19. This will be a crucial time for your staff and residents, partner with Disability Sports Australia to create a more inclusive and collaborative LGA. Please go to the link to become a partner today or contact myself for more information."

FOR DISCUSSION

17.8 RECREATIONAL FISHING AND CAMPING FACILIITIES PROGRAM SECOND ROUND GRANT PROGRAM

The Minister for Local Government and Planning, the Hon Roger Jaensch MP has written to the Mayor regarding the Recreational Fishing and Camping Facilities Program, Second Round Grant Program.

The Hon Roger Jaensch MP is inviting Council to apply for the second round of the Recreational Fishing and Camping Facilities Program, which will provide a further \$800,000 in grants to support Tasmanian councils to deliver new or renewed camping, fishing and boating infrastructure for the benefit of Tasmanians and visitors. The program is funded by the Australian Government and administered by the Tasmanian Government.

The second Program round is seeking to fund fewer, larger, and more impactful proposals, compared to the first expressions of interest round, and will be undertaken through a competitive grants process.

The provision by councils of new or renewed boat ramps; marine rescue facilities; toilet blocks; fish cleaning stations; camping facilities; or other infrastructure or facilities directly associated with recreational fishing, boating or camping.

All of Tasmania's 29 councils are eligible to apply for the Program.

Councils may each make one application to the Program for a single project (which may encompass multiple sites).

The project/s must be the construction or improvement of:

- boat ramps;
- marine rescue facilities;
- toilet blocks;
- fish cleaning stations;
- camping facilities; or
- other infrastructure or facilities directly associated with recreational fishing, boating or camping.

Projects must be for public use.

Projects must result in new or renewed infrastructure (ie minor asset maintenance cannot be funded under the Program).

Projects must be constructed on/over council land or leased/licenced Crown Land, with evidence of landowner support provided with the application.

Projects must predominantly benefit persons undertaking recreational fishing, boating, or camping.

Projects must be delivered by 31 August 2023.

Projects must be consistent with the applicant council's Strategic Plan and asset management plans.

Applications received for projects inconsistent with Department of Primary Industries, Parks, Water and Environment or Marine and Safety Tasmania infrastructure planning will be deemed ineligible.

Selection process and criteria

It is intended that the second round of the Program will fund fewer, larger, and more impactful proposals than the previous expressions of interest round. Funds will be implemented through a competitive grant making process.

Submitted projects will be evaluated on the basis of:

- Evidence of estimated usage of proposed new or renewed recreational fishing, boating or camping infrastructure (quantitative) and expected public benefit (qualitative) (50%);
- Evidence of council capacity to deliver the infrastructure within 18 months of funding receipt (30%);
- Financial co-contributions to proposed projects, if any (20%);

If proposed projects are ranked equally per these criteria, consideration may be given to regional spread and achieving a mix of fishing-, boating-, and camping-related projects in the funded proposals.

Funding up to approximately \$800,000 in total is available in the second round of the Program.

Grants of between \$50,000 and \$200,000 are available to individual councils.

Applications must include an estimation of the cost of the works for each project (with the funding request equal to or less than the estimated cost of the works).

In recommending a quantum of funding, the selection panel will have regard to enabling the delivery of the project and the co-funding proposed, if any.

Partial funding may be offered.

Funding conditions

Successful applicants will be required to enter into a grant agreement, which will outline funding conditions. Major conditions include that:

- All funding must only be used for the projects outlined in the application and included in the subsequent grant agreement. Any changes to the purposes of the funding must be approved by the Department of Premier and Cabinet in writing;
- A financial acquittal of the grant must be provided to the Department of Premier and Cabinet;
- The General Manager must attest to the completion of the works for which funding was provided, and provide the Certificate of Completion, where applicable;
- Underspent funds may be required to be returned to the Department of Premier and Cabinet;
- Recipients must consult the Local Government Division prior to any announcements, events, or distribution of promotional material related to funded projects. As Program funds are provided by the Australian Government, the Department of Premier and Cabinet will confirm arrangements.
- Acknowledgement of the Tasmanian Government and the Australian Government will be required;
- Councils must ensure that their project or activities will be undertaken by appropriately qualified and experienced people who have appropriate insurance cover, where needed:
- Councils must ensure compliance with all relevant legislative, planning, building, and environmental requirements;
- Projects must be delivered by 31 August 2023.

Applications open on 7 October 2021 must be received by 5pm on 19 November 2021. No late applications will be accepted.

RECOMMENDATION:

Moved: Clr Seconded: Clr

THAT the Deputy General Manager and the Manager Development and Environmental Services apply for a grant under the Recreational Camping and Fishing Facilities Program Second Round to undertake the renewal of the toilet block at Dunrobin Park, Lot 100 Ellendale Road, Ouse Title References: 178925/100 which is used as a day use picnic area and boat lunching facility at the northern end of Lake Meadowbank on the Ellendale Road, Ouse.

17.9 ROTARY CLUB OF HOBART FUNDING SUPPORT 2021 ANNUAL MAGIC SHOW

The General Manager has received an email from the Rotary Club of Hobart seeking Council support towards the annual Magic Shows.

Rotary Club of Hobart are proud to announce this will be their 30th year of the annual magic show and 2020 saw a fantastic live and online streamed show all thanks to the wonderful generosity of Southern Tasmanian business community.

As COVID-19 continues to pose a risk to the community, the event will be subject to the prevailing COVID regulations at the time, which includes a COVID safety plan for all that attend. Should conditions affect the staging of the performance of the live event, a specially filmed production of the show will be streamed to all ticket recipients.

This year, with Council's help, the Rotary Club of Hobart is aiming to get as many disabled and disadvantaged young and adult Tasmanians, their carers and families involved.

Council's support in the place has enabled many thousands of disabled and disadvantaged Tasmanians and their families to enjoy the annual 'magic' of the show. At the same time, Council's support has helped the Rotary Club of Hobart raise valuable funds, all of which are spent in local and national communities.

Funds raised last in 2020 went towards the Rotary club's support of Rotary's End Polio Program, Save the Dignity, AMWU Women's Forum, Bicycle Network Tasmania, Home retreats, West Moonah Community Centre, Rostrum, RHH playground and the Food Plant Solutions program.

This year the club will support similar programs benefitting local, national, and international causes.

The Rotary Club of Hobart would like Council to consider donating \$120, \$240, \$300 or \$360 towards the event.

17.10 HAMILTON TWILIGHT MARKET AND CAROLS – 4 DECEMBER 2021

On the 5 October 2021 the following was received from Mrs Jannie Fahey on behalf of the working group the email included the following letter and other documents that are included in the attachments:

"Our working group have at the last meeting (1/10/2021) requested that a letter be submitted for a grant to assist us with evidence attached to ensure the best event will be organized for the local community.

We are at present putting together raffles and organising prizes and gifts, whilst organising the actual event; there will be some costs which will be difficult for us to fundraise for. We are looking to request a grant of \$1500 which we would leave with the council and on production of valid Tax invoices / receipts request payments. As we are a working group and are not incorporated, we feel this is our best and most transparent option.

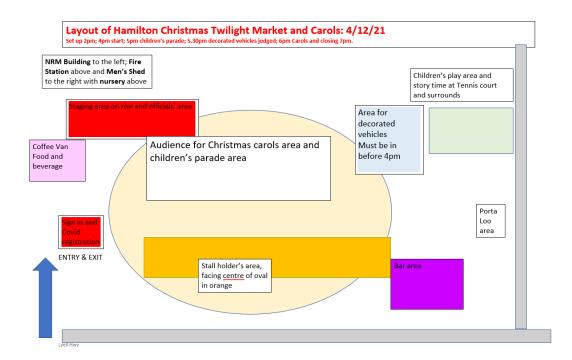

Many of the activities and support are in kind from our generous community and our budget is completed but open to change given this is a new event. Forecasting can be difficult with a new event, once we have completed the event there will be clear lines for budgeting in the future and we will also next year have more time for fundraising.

Documents included in this correspondence:

- ✓ The budget to date
- ✓ Risk assessment and analysis
- A safety plan, inclusive of Covid 19
- The marketing plan
- Layout of the event

Again, we appreciate any assistance that is available to make this to be an annual community event that is successful and on-going into the future."

Proposed site plan:

The Working Group have provided the following marketing plan for the Christmas Carols and Market in Hamilton:

Summary:

To engage the community especially in a positive and fun group experience on the 4th December 2021

Target market:

Local community and surrounds, families, and gift market stall holders

Market strategy:

Posters to be distributed to all major local centers/businesses and schools To be designed and out by late October 2021

Web marketing on council site and phone set up: Date of completion October 9th 2021 Phone complete

Local radio and other community radio stations to be informed. In early November 2021

Local paper, New Norfolk paper to be informed (maybe and editorial piece about the project). In October, November Issues of local paper.

New Norfolk Early November issue

Analysis:

To be checked fortnightly to ensure plan is followed 2nd and 4th Wednesday of the month.

This plan was approved by Working Group on the 1st October 2021.
