Asset Management Policy	Review Date: 30 April 2028	Page 1 of 5

1.0 Purpose To set guidelines for implementing consistent asset management processes throughout the Central Highlands Council.

2.0 Objective To ensure provision is made for the long-term replacement of major assets by:

- Ensuring that Council’s services and infrastructure are provided in a sustainable manner, with the appropriate levels of service to residents, visitors and the environment.
- Safeguarding Council assets including physical assets and employees by implementing appropriate asset management strategies and appropriate financial resources for those assets.
- Creating an environment where all Council employees take an integral part in the overall management of Council assets by creating and sustaining an asset management awareness throughout the organisation by training and development.
- Meeting legislative requirements for asset management.
- Ensuring resources and operational capabilities are identified and responsibility for asset management is allocated.

3.0 Scope This policy applies to all Council activities.

4.0 Policy **4.1 Background**

4.1.1 Council is committed to implementing a systematic asset management methodology across all areas of the organisation. This includes ensuring that assets are planned, created, operated, maintained, renewed and disposed of in accordance with Council’s priorities for service delivery.

4.1.2 Council owns and uses a significant quantity of non-current assets to support its core business of delivery of service to the community.

4.1.3 Asset management practices impact directly on the core business of the organisation and appropriate asset management is required to achieve our strategic service delivery objectives.

4.1.4 A strategic approach to asset management will ensure that the Council delivers an appropriate level of service through its assets. This will provide positive impact on;

- Members of the public and staff;
- Council's financial position;
- The ability of Council to deliver the expected level of service and infrastructure;
- The political environment in which Council operates; and
- The legal liabilities of Council.

4.2 Principles

4.2.1 A consistent Asset Management Strategy must exist for implementing appropriate asset management throughout all Departments of Council.

4.2.2 Relevant legislative requirements together with political, social and economic environments are to be taken into account in asset management.

4.2.3 Asset management principles will be integrated within existing planning and operational processes to meet the required level of service in the most effective and efficient manner now and into the future.

4.2.4 Asset Management Plans will be developed for major service/asset categories

4.2.5 An inspection regime will be used as part of asset management to ensure agreed service levels are maintained and to identify asset renewal priorities.

4.2.6 Asset renewals required to meet agreed service levels and identified in adopted asset management plans and long term financial plans will form the basis of annual budget estimates.

4.2.7 Service levels agreed through the budget process and defined in adopted Asset Management Plans will be fully funded in the annual budget estimates.

4.2.8 Asset renewal plans will be prioritised and implemented progressively based on agreed service levels and the effectiveness of the current assets to provide that level of service.

4.2.9 Systematic and cyclic reviews will be applied to all asset classes and are to ensure that the assets are managed, valued and depreciated in accordance with appropriate and applicable Australian Standards.

4.2.10 Future life cycle costs will be reported and considered in decisions relating to new services and assets and upgrading of existing services and assets.

4.2.11 Future service levels will be determined in consultation with the community.

4.2.12 Training in asset and financial management will be provided for councillors and relevant staff.
