

COVID SAFETY KIT

Improve your personal COVID safety and the safety of your community by having your COVID safety kit ready to use.

It is important to remember that COVID-19 still remains a threat to Tasmania and things can change at any time. By continuing COVID-safe behaviours and keeping a few basic essentials on hand we can be ready not just for our current circumstances but for any challenges that come our way.

Your kit should include:

- Tissues
- Hand sanitiser
- Face masks
- Check in TAS app ready to use on your phone
